

## **Learn to Type – How To Use this Unit**

### **Activity 1 – Learn to Type**

Open the activity by clicking the *Start Activity* link. This animation will assist students in learning to type but focusing solely on the “home row” of their keyboard. When the activity is started, click the play button and then type each letter that is falling before it reaches the pond at the bottom of the screen. The students score is tabulated in the upper right.
